order50 RESULTS: obstruction documented (no test)
PREREG sha256 2e77c2d7267615be596566633953ac5dd438bc12fbe3f741d950e740f58f854d.
- Residual-size prediction: none written and non-fitted (see the source audit in PREREG). No test was run, to avoid a vacuous or fitted test.
- Ξ: not identified. No written candidate exists (v12, §Where Ξ enters; Open problem 1). E1–E3 OPEN.
- Category: A none; B none. v13: no.
- Open next: (R1) a written tail bound from L_B (ii) as an upper bound on ‖R‖, then a hashed non-vacuity test; (R2) the H7 erf-completion constants as the route to Ξ.

order50 NOTES
Decision package only; no scripts, data or logs (folders empty by design). C11/C6/C10 and Π are on another stream and were not touched. MAPS_CANDIDATES not read or written. Naming rules kept. No push or sends.
